QUALITY POLICY

A Total Hse Management System Is Applied Which Shall:

Deliver compliance with international law and standards as well as UAE laws. Achieve continuous improvement in HSE performance. Set objectives, targets, measures, appraise and publicly report HSE performance. Include HSE performance in the appraisal of all employees and reward accordingly any employee with outstanding safety performances.

The Impact Of This Policy Is:

continuously improve in the management of risk to the health and safety of all employees, staffs, contractor visitor and others affected by our operations. We aim to achieve an HSE performance that all our stakeholders can be proud of.

The Purpose Of This Policy Is To:

Protect the health and safety of all employees, contractors, visitors and others affected by our activities. Protect the environment and prevent any form of pollution. Manage HSE as any other critical business activity. To create a culture in which all employees and others affected by our operations share in our commitment to HSE both at work and at home Implement individual accountability and comply with HSE management system requirements. Empower employees at the start of work only when conditions are safe and stop work when it is unsafe.

Vision

We want to be a reference point in the aluminium and glass industry an innovative company which participate to the most ambitious projects , proposing the best product and most efficient management and strengthen our role as international leaders.

Mission

To provide the best custom made aluminium structures & frame of high quality standard representing the best value for money. To maintain an efficient healthy and profitable organisation by continuously observing our core value.
